OKANAGAN   
waterwise

# If we don't do anything, we risk losing everything.

*Invasive zebra and quagga mussels are tiny, but they're our biggest threat. The Okanagan's water, beaches, fish, property values and economy are all at risk.*

One valley. One water.

*Stop at all watercraft inspection stations and clean, drain and dry your watercraft and gear before entering our water.*

**CLEAN  
DRAIN  
DRY**
